### TYPICAL FLOOR PLAN - LEVEL 38

These dimensions are measured to the exterior boundaries of the exterior walls and the perimeter of interior partition walls and do not vary from the dimensions that would be determined by using the description and definition of the "GFA" set forth in the Declaration which generally only includes the interior spaces between the perimeter walls measuring from exterior wall plate to exterior wall plate and includes interior structural components. The actual footage area of the Unit, determined in accordance with those rules contained as defined in the Declaration. Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each room to be 1) the room with a parallel rectangular, square, round or oval shape. Accordingly, the area of the above room set appears to greater than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction. All floor plans and development plans are subject to change without notice. The furnishings and items shown is not necessarily included with the purchase of said Unit and is shown for purposes of illustration only. Consult your prospectus and Purchase Agreement to determine what is included with your Unit purchase, if anything.
